Owner, Bankhead Store
1396 Bernard Avenue
Kelowna, BC
V1Y 6R6

To whom it may concern:

I wish to bring your attention to a matter that has been raised to the Mayor's Office regarding items for sale in the Bankhead Store.

I have received a complaint that your store sells items that could be considered illicit drug paraphanelia, ie: pipes, bonges and other items. These items are displayed in plain view of any patron, including children. With a school located nearby, and the rich residential surroundings, children are known to frequent this store. Parents in the community have raised these concerns with other levels of government as well.

I ask that you consider removing these items from sale at your store or perhaps having them displayed in such a manner that children would not be exposed to these items.

Thank you for your consideration of this matter.

Sincerely,

A handwritten signature in cursive script that reads 'Sharon Shepherd'.

Sharon Shepherd
